---

Chase,

Lets talk tomorrow afternoon. I have a call with Jeff and I am going to try and get a better handle when I may have their comments on the Area 2 RI. I would think you should be able to get a revised Area 3 RI incorporating our comments by 2/2/14.

Jim

**Subject:** RE: Area 3 SRI Submittal Extension Request

Chase,

Thank you for your email. The meeting yesterday was very productive. I agree that it is important for Georgia-Pacific to see a draft of EPA's comments on the Area 2 RI report before submitting the Area 3 RI report. As we discussed, EPA has significant comments regarding both content and formatting of the Area 2 RI report. These comments will impact the submittal of the Area 3 RI report. Therefore, I concur with your extension request for delaying submittal of the Area 3 RI report. However, it is important to establish a date for submittal of the Area 3 RI report. Lets touch base the first week of December to discuss when EPA can submit draft comments on the Area 2 RI report and establish a date for submittal of the Area 3 RI report as well as the Area 2 ASTM document.

Based upon that discussion Georgia-Pacific can submit a formal written request establishing the date of the submittal of the Area 3 RI report.

Have a great Thanksgiving.

Jim Saric

**Subject:** Area 3 SRI Submittal Extension Request

Jim,

Based on the initial comments received on the Kalamazoo River Superfund Draft Area 2 SRI, Georgia-Pacific would like to request an extension of the current submittal date of November 30, 2013 for the Draft Area 3 SRI. EPA's comments on the Draft Area 2 SRI are expected to be applicable to the Draft Area 3 SRI.

Georgia-Pacific will request a specific date for submittal for the Draft Area 3 SRI after we review all comments on the Draft Area 2 SRI and obtain a better understanding of the time necessary to address those comments in the Area 3 draft.

Please feel free contact me should you have any question or comments.
